Profile Summary

A motivated and adaptable professional with a diverse background in Electrical and Electronics Engineering and a degree in History. Transitioned from computer operations and data entry to web development, recently completing a comprehensive MERN stack development course. Actively seeking a MERN Stack Developer role to apply my skills in building dynamic and responsive web applications.

Projects

Social Media Application | Oct 2023 - Nov 2023

Developed a social media application that allows users to create profiles, post updates and engage in discussions. With a user-friendly interface and seamless navigation, the Social Media application serves as a virtual space for socializing in an interactive online community.

Technologies used : HTML, CSS, JavaScript, Node JS, Express JS, MySQL.

Slot Booking Application | Nov 2023 - Dec 2023

Developed a web application for booking movie tickets, allowing users to browse movies and reserve seats. The application allows users to choose seats from an interactive seating chart, providing a visual representation of the theater layout.

Technologies used : HTML, CSS, BootStrap, JavaScript, Node JS, Express JS, MongoDB.

Portfolio Project | March 2024

Crafted a dynamic portfolio website utilizing React.js, showcasing a range of projects and skills with intuitive navigation. Leveraged React components to ensure modularity and scalability, enhancing user experience and site performance. This project exemplifies my proficiency in modern frontend development and dedication to creating impactful digital experiences.

Technology used : React JS

Restaurant Project | April 2024

Developed a restaurant website using HTML and CSS, featuring a navigable navbar and eight distinct sections for seamless user experience. Utilizing JavaScript, enhanced interactivity in the contact section, contributing to a more engaging web presence. This

project showcased frontend development skills while prioritizing usability and visual appeal.

Technologies used : HTML, CSS, JavaScript

Certification

MERN Stack Web Developer | issued by Illinois Tech, USA | 2023-24

Full Stack Web Developer | issued by Entri Elevate | 2023-24
